

May 28, 2021

Dear Parents/Guardians, Students and Staff:

Re: Information Bulletin

As we move into the final stretch of the school year, the District is sharing some important news with the community regarding COVID-19 and learning. As you may have heard, the province announced a four-step BC Restart Plan, which can be found [here](#). It is important to know the lifting of restrictions for businesses and services do not impact our schools. Our K-12 education COVID-19 guidelines will remain in place until the end of June. We will inform the community of any changes.

To date, our District has had 299 COVID-19 notifications in 42 of our schools since September. We are seeing a decline in school exposure notifications which is positive. With cases still occurring in our schools, we must continue to follow all health and safety protocols such as the daily health check, physical distancing and proper handwashing. The District welcomes the province's vaccine roll-out for youth ages 12 -17. For registration information, visit the webpage [here](#).

As the District plans for the next school year, we are waiting to hear from the Ministry of Education on what we can expect for September. Based on the province's BC Restart Plan, if all goes well and COVID-19 cases are reduced and restrictions removed, we could see a return to a sense of normalcy for the fall. Our hope is to provide further updates at the end of June.

Graduation Celebrations

The District recognizes students, staff and families are eager to have a memorable send off for our graduating students. We have received guidance from Fraser Health Authority on graduation celebrations. Based on these guidelines, all secondary schools, with help from staff, will be conducting a ceremony for each individual student and a maximum of four (4) guests. Our schools will not be running events with large gatherings and spectators. Schools will be sharing specific details with families in the coming days. We know these limitations are disappointing, but we are confident our staff will do everything they can to make it meaningful for our grads.

Summer Session

Summer Session will be going ahead but will look different than previous years. To view learning opportunities available for Langley students and information on registration, visit the webpage [here](#).

Budget Open House

The Langley School District is inviting the public to take part in its Virtual Budget Open House. This is an opportunity for the School District to update the public on the District's progress with the budget and to provide an outlet for questions or concerns regarding the 2021-2022 operating budget. We encourage our community to engage. It runs until May 31. For info, visit the webpage [here](#).

Langley School District Foundation

The Langley School District Foundation announced this week long-time Executive Director Susan Cairns is retiring at the end of the school year. Ms. Cairns has worked tirelessly to raise funds and help make learning unforgettable for every student. We are so proud of all her accomplishments and are grateful to the legacy she leaves behind.

The Foundation has announced that Ms. Alicia Rempel will be the new Executive Director, beginning June 1. Ms. Rempel has worked as a community development consultant for local organizations including the Langley Children’s Committee and Langley Literacy Network. The District is excited to work with her. Please join us in welcoming her to the Foundation.

This year has had many ups and downs and has taken a toll on all of us. Our hope is that we are starting to turn the corner. We appreciate your support and continued efforts in helping keep our students, staff, and community safe.

Sincerely,

Gord Stewart
Superintendent of Schools
